Engaging Students in Church Planting

# PowerPlant

**Practical training. Hands on mission involvement. Celebrative worship.**  
**2010 Senior-High/College Mission Trip**

At PowerPlant, students will learn about church planting principles and evangelism skills in practical training sessions throughout the week. They will also help real life church planters share Christ through ministry activities like sports camps, backyard VBS, servant evangelism and prayer walking.

## Charleston, W.V.

**Monday, July 12th—Saturday, July 17th — Total Cost \$200**

**The City-** Charleston is the capital city of West Virginia, The Mountain State. Nestled along the banks of the Kanawha River, this city also boasts the largest population in the state.

**The Mission-** The greater Charleston area is full of people in need of a relationship with Christ. Upwards of 75% of the people here are not connected to a church. PowerPlant participants will serve church plants in trying to spread the good news of Christ and educate people about the new churches.

**Fun Stuff-** Charleston has a lot of free time options that include activities on the river and numerous parks around the city. A short drive from the city will provide you with some of the most beautiful mountain scenery.

### Background:

PowerPlant is a ministry of the North American Mission Board designed to engage students in church planting and evangelism. The first PowerPlant project was in 2003, and it has been growing since then. PowerPlant participants will learn church planting principles and evangelism skills each morning, then have a chance to engage personally through assigned ministry team activities in the afternoon and evening. Students and adults will begin to see that the church is not about buildings . . . it's about people! And there are lots of people in North America who need Christ!
